

POLYMA
mobile battery pack 30kVA / 60kWh

rated power	30 kVA / 24 kW 400 V / 43 amp / 50 Hz	storage: 60 kWh
battery pack	lithium iron phosphat battery deep discharge protection	loading time: 2.9h at 32amp (up to 85%)
floodlight	floodlight unit up to 9metre height, 4x 220W LED lights (130.000 lumen) Remote control for complete lightning head	
canopy	aluminium canopy, sound proof < 50 dB(A) with ambient lightning and storage department	
trailer	aluminium, height adjustable drawbar, 12V+24V 4 drop crank supports	
control	display for operating system (loading, consumption, failure control,...) remote start function to additional power generator (range extender)	
grid system	island-operation with insulation monitoring	
sockets	4x 230V, 2p, 16amp at the front 4x 230V, 2p, 16amp in the storage compartment 1x 400V, 5p, 16amp, 1x400V, 5p, 32amp at the front circuit breaker for each socket	
loading	16amp and 32amp, 5p, 400V plug, max. 30kW	
additional	cable drum 230V, 2p, 50m cable drum 400V, 5p, 16amp, 30m cable drum 400V, 5p, 32amp, 40m remote cable and cable 32A, 5p, 400V for range extender/power generator, each 20m	
size	L x w x h: 5.250 x 2.250 x 2.670 mm, weight: 1.900 kg, max. allowed: 2.000kg	

Our general terms and conditions apply, see www.polyma.net.
